Dear Parent/Carer

**Re: Class of 2021**

I cannot believe the time has come!

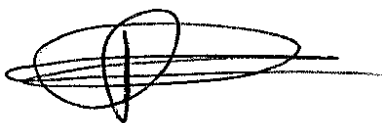

As our Year 11's time in secondary school comes to an end I felt that it would be fitting to write to all of you to express my thanks and gratitude for everything over the last 5 years. My team and I cannot begin to explain how thankful we are, we could not have done this without you all and we are so grateful for all the support you have given us, you have made our job easier over the years as you were always there when we needed you. Thank you for your tireless energy you have given to get your child to where they need to be especially during a pandemic!

An understanding between parents and staff at school is critical to the success of the child and we have had this in abundance. I have always had the backing of all of you and this gave me the confidence to manage this cohort in the way I felt best and this has played a huge part of the successful, bright, mature individuals I see today. I take great pride at the work we have done with our students, not only as academic students but also as human beings, you should be hugely proud of the young people they have turned out to be, I certainly am and I believe that this generation of students have got exciting futures ahead of them.

It has been a pleasure and a privilege to work with your children over these years and although it will be a very sad day today I know that they are ready for the next step in their lives.

Thank you for all the support you have given me and my team of form tutors along this journey.

Kind regards,

**Mr Davey**  
**Head of Year, Class 2021**
